Profile

Hello there! I'm a dedicated front-end web developer with a passion for crafting visually stunning and user-centric digital experiences. With a strong blend of creativity and technical expertise, I specialize in turning design concepts into captivating and interactive websites.

My journey in front-end development began with an appreciation for design aesthetics and a fascination for how code can bring designs to life. Proficient in HTML, CSS, and JavaScript, I thrive on building intuitive and responsive user interfaces that provide seamless navigation across various devices and browsers.

Education

July 2022 – July 2025
Bikaner, India

Bachelor of Computer Applications, <https://www.ecb.ac.in/>
